 Minks, Belarus

Career Objective

Motivated and detail-oriented React Frontend Developer with 1+ year of development experience in creating responsive SPA (Single Page Applications) using React, Redux, RTK, and other related libraries with a strong foundation in HTML, CSS, JavaScript and Typescript. I'm exploring technologies I'm already familiar with and plan to learn React Native. In my free time I enjoy solving katas on Codewars. This helps me improve my algorithmic thinking and problem-solving skills. Aiming to become part of a dynamic team where I can leverage my expertise in developing new features and improving the overall user experience.

Experience

Frontend Developer 05/2023 - present

Projects

-  **Chat Corner SPA**
A user-friendly application offering real-time messaging, the ability to add friends, and personalized user profiles
-  **Flash Cards SPA**
A quiz app where users can create their own cards with questions and engage by answering questions from other users
-  **Task Manager**
The project provides a user-friendly interface for creating, editing, deleting, and displaying tasks and to-do lists

Key Challenges and Responsibilities

- Collaborated on team development using **Git**
- Used **Redux** for state management in the application
- Optimized the application by implementing **Redux Toolkit**
- Applied Redux-thunk for handling asynchronous code
- Utilized **RTK Query** for server communication and the **Axios** library for HTTP requests
- Developed forms with error handling using **React Hook Form**
- Configured page navigation using **React Router**
- Used **Storybook** for testing component representation
- Implemented an authentication flow (account creation, editing, password reset, login/logout)
- Developed polymorphic and custom components using **Radix** UI library
- Styled the application using CSS, SASS, Material UI

Lead Customer Service Manager (EU countries, USA, China) 05/2017 - 06/2022

Coswick, Belarussian-Canadian manufacturing company

Key Responsibilities: B2B negotiations, project maintenance at all stages from production prior to project acceptance by the client

Skills

HTML	JavaScript	React	Rest API	RTK	React Hook Form	GIT	Radix	Storybook
CSS	Typescript	Redux	Axios	RTK Query	Redux-thunks	SCSS	Material UI	Unit tests

Education

IT-Incubator, professional IT-courses 2023 - 2024
